22. STRATEGIC TRANSPORT INVESTMENT PROGRAMME (STIP)

Members received stakeholder engagement information from WSCC and an invitation to identify any schemes to be considered as part of the STIP prioritisation process to produce a revised list of schemes.

Ahead of his absence, Cllr. Quedsted had forwarded a proposal to the Parish Office to be considered by the Committee. Cllr Quedsted had stated that it needs to be kept in mind, that should there be any further development in Pulborough, a by-pass should be considered north to south along the A29. After some discussion Members thought this proposal should not be submitted at this time and will be discussed with Cllr. Quedsted at the August P&S meeting. It was felt that there would be an impact of issues having a by-pass in Pulborough and this doesn't form any part of the Neighbourhood Plan.

Members discussed other schemes and **AGREED** to submit the following:

- Traffic calming in Link Lane & Glebelands.
- Extend the 30mph speed limit further northwards on the A29.
- Bus services to connect with key commuter train services.
