

Pulborough Village Transport Plan

Highways and Transport issues to be included in the Village Transport Plan (Draft)

On Map	Scheme Location	Priority : High/Medium/Low
A	Construct a new pedestrian footbridge over the railway line in London Road (A29) to improve pedestrian safety and encourage walking to local facilities.	
B	Address pedestrian safety issues in the Lower Street (A283) shopping area by reducing traffic speeds and providing better footways and crossing points.	
C	Construct a new pedestrian footbridge across the railway line on public footpath route no.2330 (adj. Sandpiper Close) to improve pedestrian safety and encourage walking to local facilities.	
D	Improve existing public footpath/bridleway routes within the village to encourage walking and reduce car use.	Section 106 schemes
E	Improve pedestrian safety and reduce traffic speeds at the junction of Potts Lane with Rectory Lane.	Section 106 scheme
F	Deter the potential for short-cutting traffic between Lower Street (A283) and London Road (A29).	
G	Improve cycle routes to local facilities within the village to encourage cycling and reduce car use.	
H	Improve the bus interchange arrangements at Pulborough station.	
I	Improve disabled access to the northbound railway platform at Pulborough station.	
J	Resolve existing parking problems at Pulborough station by providing more car parking.	
K	Improve bus services between Pulborough and other towns and villages.	
L	Improve the location and quality of bus stops and shelters, including the provision of real time	

	passenger information.	
M	Improve air quality in the village.	
N	Introduce waiting restrictions and traffic regulation orders as necessary to improve traffic circulation and road safety.	New Place Road - Section 106 scheme
O	Install new or relocate existing pedestrian crossings onto well used desire lines where possible.	
P	Investigate remedial scheme to resolve the problems of overhanging vegetation and verge maintenance on Church Hill and Sopers Hill pedestrian routes. Investigate options to improve pedestrian safety at pedestrian crossing desire lines on the A29 at Swan Corner and at Old Rectory Lane/Church Place.	
Q	Secure landscaping improvements to Stane Street Close roundabout (block paving)	
R	Resolve car parking and traffic issues in Rivermead	
S	Review the issue of parking permits in Lower Street public car park	
T	Provide improved street lighting on footpath link between Church Place and Pulborough Station.
