

approval, despite the Parish Council asking that it be refused.

The Parish Council have recently been contacted by a developer called Willowmead who are considering the potential of erecting 20 to 40 houses on land west of the railway station, along the Stopham Road. This was just a preliminary discussion and nothing is certain, including whether an application will actually be made for the site. We'll be certain to keep you informed as we hear more about this.

Neighbourhood Plan

In the coming weeks, a survey will be delivered to every household in the Parish to seek your thoughts on how our village and community should change over the next 15 years. This is a vitally important piece of research that is being conducted as part of the Neighbourhood Plan process, and the more surveys completed, the better our Plan will be. Official data, such as the 2011 Census, paints a picture of what Pulborough is like, but it is you, the residents, who know this village best. You live here. You use the shops, the garages, the trains and buses, the dustmen, the schools, the roads, the doctors, the water, the sewage system, the electricity, the broadband and the air you breathe. Therefore, we would be most grateful if everyone could take the time to complete the survey when it arrives and return it to us.

This will allow us to understand how residents want Pulborough to deal with development and change, and enable us to shape the Neighbourhood Plan around your priorities. Full instructions on what to do will be included with the survey, but if you require further assistance, please contact the Parish Office.

If you wish to contact the Parish Council, please telephone 01798 873532, or e-mail the Parish Office at clerk@pulboroughparishcouncil.gov.uk
